**Letter of Intent**

Dear Prof. Sunkel,

As General Secretary for Research and Innovation of Greece, I would like to inform you that Greece would like to join the special project of the EMBC – Strategic Development Installation Grants (SDIG), and appoints Prof. Nektarios Tavernarakis, to represent Greece on the SDIG Board.

Greece will decided to finance one successful applicant grant in the year 2023 call (for the last two years of the selected grantee), provided that the country decides to finance this grant after the 3<sup>rd</sup> year of the project.

Regarding future grants awards Greece is going to make a decision every year how many grants could be awarded and the information to the Board will be given before each call.

Sincerely Yours,

Prof. Athanasios Kyriazis
