

6. Exchange of scientific literature, documentation and information.

Implementing agency for this purpose on the Greek side is the General Secretariat for Research and Technology of the Ministry of Industry and on the Georgian side is the Academy of Science.

A special protocol and working Programme for the regulation and implementation of the scientific exchanges and the joint research projects as well as of other forms of co-operation (e.g. technical assistance, symposia, etc.) will be signed every two years alternatively in the capital of either contracting Party. Also during interim meetings the two parties will discuss the results of the implementation of the Working Programme. Projects incorporated for approval in this Protocol will be jointly submitted and evaluated by both sides before undertaken for implementation.

Financing the above co-operation will be done jointly on an equitable basis by the two Contracting Parties.
