To Members of the European Parliament

### **Stop the Third World War!**

Dear Members of the European Parliament,

today You face an important decision. You will either condemn the heaviest crimes against humanity or become co-responsible for World War III. You will either continue to be marionettes in this murderous geopolitical game of the Washington or you will be defenders of truth, justice and national interests of your states.

Every crime must be punished. If not, crime increases and criminals commit more and more daring crimes. All legal systems respected this principle and had their own criminal law. People bore in mind heavy punishments for crimes, which helped them bring up the new generations in legal responsibility.

Today, the vast majority of you are co-responsible for the heaviest crimes against humanity which are being committed in Ukraine. Why? Because you are silent, passive and manipulated like string puppets by the U.S. theatre directors.

Masonic political elites in Washington and Brussels together with the treacherous Church hierarchy staged the so-called Maidan and a bloody coup in Ukraine. They bear full responsibility for the senseless fratricidal war. The reality is thousands of dead children, women and old people. Trafficking in human organs of the Ukrainian soldiers is taking place, political and ethnic cleansing, tortures, looting; still new mass graves are being discovered. War is organized by dozens of CIA and FBI agents, US military instructors and mercenaries in Ukraine.

Today, it is essential to ask who launches aggression and against whom. What are its objectives? What will be the consequences in the event that you passively observe the murderous political game?

After the collapse of the Soviet Union and the Warsaw Pact, the US and NATO promised that they would not approach the borders of Russia. Did they keep this promise? Every year, new and new NATO army bases were approaching the borders of Russia.

For decades, the US has been pursuing a policy of military and economic aggression against Russia, and is preparing an open military conflict. War conflicts are economically profitable for the US. Ukrainian Colonel General V. Ruban publicly declared that this is a war of the US against Russia to the last Ukrainian citizen. It was not Russia that invaded Ukraine, but the government in Kiev installed by the US declared Russia to be an aggressor. Russia opposes this policy; they do not need a war. Minister of Defence of Great Britain, Michael Fallon, argues that there is a threat of Russian "aggression". According to his words, NATO has been already preparing for this "aggression". This is like shouting of a criminal who in an attempt to divert attention from his prearranged crimes is crying aloud: Catch the criminal! He considers his victim as a criminal!

Obama already has the right to announce a military operation against Russia even without the approval of the Senate. USA without remorse used napalm in Vietnam, dropped nuclear bombs on Hiroshima and Nagasaki. Through NATO troops it staged bloody upheavals in Yugoslavia, Iraq, Libya, Egypt, Syria. The Ukrainian government is now under the full control of the US. 50,000 dead in eastern Ukraine is sufficient warning. So many people did not die even during the longstanding Afghan conflict.

Extremely great responsibility for fratricidal war rests with the hierarchy of the Catholic Church. Without activities of Card. Husar and bishop Gudziak there would be no Maidan **and without Maidan there would not start this self-destructive war.** This war leads to moral, economic and physical autogenocide!

These days Bishop Gudziak said: *"Every priest at the front is more needed than the one who holds a submachine gun in his hands!"* Cardinal Husar declares similarly: *"We must fight until we destroy an enemy"* (until we succeed in promoting satanic globalization). Similar spirit of death has so-called Council of Churches and "patriarch" Filaret who in a personal meeting with Obama on 5 February 2015 was asking for new and more effective weapons!

**The blame for the crimes of two Catholic hierarchs falls on the Vatican hierarchs who approve of the attitudes of their subordinates by their hypocritical silence or evasive statements and hence are fully responsible for war crimes in Ukraine.**

Almost 100 years ago, a word of prophecy was spoken through the Blessed Virgin in Fatima. If people repent, they will prevent the Third World War!

Dear Members of the European Parliament, the first step of repentance is to spend one hour daily talking with God. God will then give you true inspiration as well as the strength to fight against the system of lies and death.
